

# PRESCHOOL

## THIS MONTH:

Welcome to the next exciting month for this school year. We will be focusing on all about me over the next month, talking about our 5 senses, health and nutrition, dental health and the house/home.

We say good bye to Ms Nikki as she travels back to Stellenbosch to complete her teaching degree. We wish her all the best on her adventure.

We are excited to Welcome Ms Mary Kraft who will be joining us this week.

## IMPORTANT:

- Comfortable indoor shoes
- Sun hats
- Sunscreen
- Healthy snack
- Water
- A change of clothes

## Tips and Tricks:

Did you know that we have a letter and number of the week?

We would love for you to carry on the learning at home by involving your child in activities that reinforce what we talk about at school. Here are some ideas for fun games/activities to try at home:

- I Spy – Have the children find something in the room that sounds like “m”
- Raid your Room – They can find (# of the week) items that are \_\_\_\_ (red, shaped like a circle, have fur, etc.)
- Scavenger Hunt – While driving in the car, find the letter and number of the week on street signs, license plates, or a book
- Build It – Use legos, cereal, stickers, etc. to build the letter, number, or shape of the week

## IMPORTANT DATES:

Listening Conferences  
03-07 Sept.  
School Holiday 14 Sept.

## BIRTHDAYS:

Jared 01/09  
David 02/09  
Matthew 05/09  
Antoine 13/09  
Soren 24/09  
Boris 28/09
