

# April 2021

## Preschool newsletter

As we thankfully begin another month of school we would like to thank all our families for adhering to our sick policy. It is great to have a full class again and have our children learning and exploring in our school environment. Since we opened, due to Covid restrictions parents have not been able to see our new set up of our class. Preschool now has two classrooms and children are able to freely flow between the classes. Here is a little peek at our amazing classroom.

Our themes this month are Easter, Sun, Earth, Moon and stars.

### Friendly Reminders

- ⇒ Please pack your child an extra mask
- ⇒ Due to some change in weather please pack something warm for your child.
