Hello October ! We cannot wait to get out all our dress up clothes and costumes for all our fun filled themes . This month our themes are Under the sea and Pumpkins . Please keep an eye out on the whats app group for regular updates .

Birthdays

Justin -12th October
Aila -12th October .

"Play is the work of the child."
Maria Montessori .

This month I would like to give a few facts on the importance of play .

Play has so many benefits and is an essential part of a toddlers development . Not only does play foster a child's natural curiosity but helps them build independence and confidence through choice. Play builds both fine and gross motor skills by helping improve body control , poise and balance.

Most importantly builds communication , language and hand eye coordination .

Let us let them get dirty and play !

We are excited to welcome Ms Saoirse to the toddler class room!
