

PRESCHOOL NEWSLETTER

JUNE 2022

WHAT'S NEWS IN PRESCHOOL

- Most of our term has been focused on our themes around the Earth and the 7 continents of the world.
- The children enjoys learning fun facts about each continent, as well as which animals can be found there.
- We have also had fun decorating each continent with different mediums in Art.

CONTINENT FUN

FAMILY PROJECT

We loved seeing all our friends' family photos and learning where they are all from.

SCIENCE

We explored the science of flowers changing colour by placing white flowers in different coloured solutions and watching them change.

SPORTS DAY

SPORTS DAY – 3 JUNE

- Ms. Lauren did an amazing job of teaching our Preschool classes a variety of sport activities and relay races for Sports Day.
- We were divided into 8 groups with children from both Preschool classes and from the older year groups, each with their own team colour.
- We all had so much fun showing off our skills to the parents and other teachers.
- We especially loved seeing our Moms and Dads race against one another in the egg-and-spoon race.
- We finished off the day with a family picnic – the perfect end to a fun-filled day.

BIRTHDAYS

- 2 – Nelani
- 7 – Suwilanji
